After a dazzling performance on the curb yesterday afternoon, the stock was quite weak today. From \$1.04 per share, at which it stood at noon yesterday, it was sent down to 80 cents per share about 4 o'clock. A great deal of stock changed hands. Set-back of Prices Met With Bull Efforts to Renew Advance.

Only in Special Groups Was There Any Biss-Eventually Stocks All Turned Downward.

New York, Oct. 4 .- There were large transactions in stocks at the opening and the market was very irregular within a narrow range. The internationals were higher in sympathy with London, but a number of the specialties were weak. Sugar dropped a point, The action of the governors of the Bank of England in leaving the official discount unchanged was unfavorably interpreted as promising some movement of gold from London.

Reports of more favorable conditions in the iron and steel industries caused an active demand for the metal stocks, which rose 1@232, the latter in tin plate. The high priced industrials and trac-tions also made large gains. REVIEW OF WOOL MARKET. Boston, Oct. 3,-The American Wool and Cotton Reporter will say tomorrow; "There has been a decidedly better inulry for wool in the past week, and he sales reach a larger aggregate than has been reported since the week ending August 30th, being over 2,250000 pounds. This improved demand for wool is due not so much to any decidedly favorable turn in the goods market as to the fact that consumers in many instances are absolutely bare of wool, and their stocks had become so seriously reduced that they were really compelled to come

It's the saddest thing about riches that in in acquiring them men often ruin their health and at their prime are doomed to live "perked up in a glistering grief and wear a golden sorrow. The trouble is generally with the stomach. In the

The stomach and other organs of digestion and nutrition become diseased and then begins the bitter and varied sufferings of the man with "stomach trouble.

Yet this condition can be cured. The stomach and other organs of digestion and nutrition, can be restored to a normal condition of sound health. Some one recommended me to take Dr. Pierce's Golden Medical Discovery, which I did, and after taking only a few bottles of 'Discovery' and your 'Piensant Pellets' can say I derived more benefit from them than trom any other medicine I ever tried.
